

# SKORDLE APP

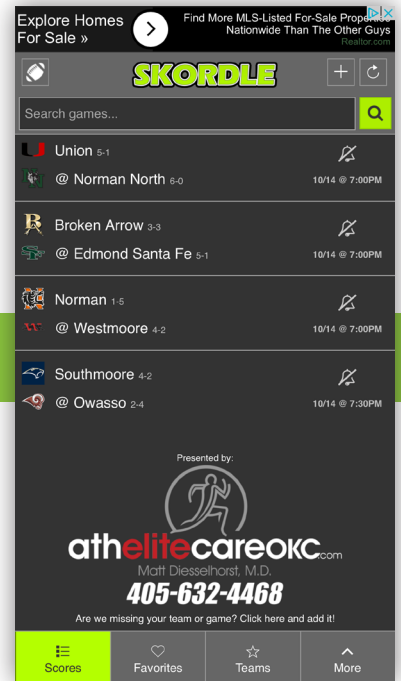

Get Started Today!

## How it works:

There has been a serious lack of technology in both high school sports scoring and organizations reaching their target audiences... **until now!** Allegiant Marketing Group brings you:

## SKORDLE

*Skordle* is a social scoring app for high school and club sports. When someone is at a game, they simply tap the "Update Score" button on that game and submit any score changes. Other users can see those score updates in real time. No more scrolling through hundreds of tweets or message board posts just to find the score of your favorite local team! Just open the app and get all the scores in one place!

**Businesses win** because their digital ads are seen by consumers who are habitually opening an app they love using and need each week. **Your brand and current offers are displayed right where your in market buyers go to during their free time!**

**GET YOUR ADS SEEN THROUGH THE SKORDLE APP WHEN CONSUMERS CHECK SCORES VIA SOCIAL MEDIA, VIEW LIVE SCORE UPDATES, AND RECEIVE GAME ALERTS!**

**TOTAL IMPRESSIONS: 331,091**

**BANNER ADS: 257,147/1,458 CLICKS**

**INTERSTITIAL: 71,252/2,006 CLICKS**
